Since Centsless Books tracks free ebooks available on Amazon, there may be times when there is nothing listed. If that happens, try again in a few days.

Electric Circuits 7th Edition Nilsson

Electric Circuits, Seventh Edition features a redesigned art program, a new four-color format, and 75% new or revised problems throughout. In the midst of these changes, the book retains the goals that have made it a best-seller: 1) To build an understanding of concepts and ideas explicitly in terms of previous learning; 2) To emphasize the relationship between conceptual understanding and problem solving approaches; 3) To provide readers with a strong foundation of engineering practices.

Format: Hardcover This is a review of the SEVENTH edition of "Electric Circuits" by Nilsson & Riedel. Amazon generally keeps reviews of previous editions combined with later editions and that can be quite confusing. For example, many of these reviews make a complaint that the book has no answers in the back.
