Summary of Chapter 4. Chapter 4 of Freakonomics addresses the sudden drop in crime rates during the 1990's, and the various factors which may have caused it. Astonishingly, research shows that one of the major factors contributing to the drop in crime rates was the establishment of Roe v. Wade. Chapter 4 weighs this theory against other theories such as "tougher gun laws," "number of police officers per capita," and "increased use of capital punishment."
