Idiot's Guide to Speed Reading: \*speed reading increases the amount of information your brain receives in a limited amount of time. it also allows you to receive large amounts of information in a short period of time.\* so you want to learn how to speed read?

**Idiot's Guide to Speed Reading : 4 Steps - Instructables**

10. Find the speed where the equation returns a lower value than your starting tractive effort. For the first 5-10 miles per hour, you need to just use the starting tractive effort and ignore the equation. The speed where the equation matches the starting tractive effort is the speed where you start using the equation.
