### Manual More Fun Than Automatic

It's more expensive to buy than a manual. The transmission has more moving parts, which leads to greater repair costs. It's not as fun to drive — though this is subjective.

### Manual vs. Automatic Pros and Cons: Which Is Better? | Edmunds

My 2001 SVT Mustang Cobra has a Tremec Viper spec T56 and I like the simplicity of a manual trans versus the added complexity of an automatic. With an auto, there are more parts and more of a chance of something going wrong. Another plus is that a manual is more fun to drive, even in stop and go traffic.

### 10 Reasons a Manual Transmission is Better than an Automatic

It's a widely-held belief that automatic cars guzzle more petrol than their manual equivalents. While that used to be the case as older models were fitted with a slow, three-speed transmission, automatic technology has hugely improved in recent years. In many cases, you may even find that you'll get more miles to the gallon in an automatic.

### Automatic vs manual cars: which is better? | RAC Drive

Manual vs Automatic Pros and Cons: How Do Manual and Automatic Cars Differ? The most obvious difference between automatic and manual vehicles is the layout of the shifter — that is, the lever that changes the transmission's gear placement, usually located between the two front seats of the car in newer models and sometimes attached to the dash or steering column in older models.
