I have a 2002 GT that is completely stock. It has an automatic transmission though and I want to swap to a manual. It is a daily driver, but I will take it to the drag strip once or twice and to a road course too. I don't know if I should go with the TKO-600 with the road course gearing or the T-56 6 speed.

manual or re-programmed automatic computer. manual pedal bracket. the actual transmission. the clutch master/slave cylinder and accessories. possibly a new starter but not sure. It would be much better and cheaper just to have your transmission fixed versus doing the swap. As cars get newer, this swap is harder and harder due to newer technologies.

Taking things up another notch, you can also use a T-5 conversion kit to swap your existing automatic transmission for a 5-speed manual. Maybe the classic Mustang that you purchased was perfect for you save for the transmission type. If so, this is a great opportunity to make the switch to rowing your own gears.
