Iron golems are created by placing four iron blocks in a T shape (as shown in the image), and then placing a carved pumpkin, jack o'lantern or pumpkin [BE only] on top of the center upper block. The pumpkin may be placed by the player, a dispenser or an enderman, but it must be placed last. It needs space around it

Iron golem farming uses village mechanics to produce iron, as well as byproducts such as poppies and string. Usually, an iron golem farm is a player-constructed village in which golems are spawned and then either killed immediately or moved to a holding cell outside the village boundary for later killing.
