The Collapse Of Globalism And

Globalism has been in the making for many decades. Depending on your definition of "globalism", you could even say it started as early as the late 1400's. However, in modern usage it typically refers to the following: "Globalism - The attitude or policy of placing the interests of the entire world above those of individual nations".

The historical origins of globalization are the subject of ongoing debate. Though many scholars situate the origins of globalization in the modern era, others regard it as a phenomenon with a long history. Some authors have argued that stretching the beginning of globalization far back in time renders the concept wholly inoperative and useless for political analysis.
