AKAI Professional - MPC Software

Pretty crappy sample pack if it cannot be used for commercial use - all cannot be re-distributed granted - with that said, If I was to buy a pack I would certainly check and want to know if I was being stiffed for possible future revenue, if a sample pack did say it couldn't be used for commercial ventures I wouldn't pay them for it as there is ...

Using sample packs = cheating? | NI Community Forum

A needlework sampler is a piece of embroidery or cross-stitching produced as a 'specimen of achievement', demonstration or a test of skill in needlework. [2] [3] It often includes the alphabet, figures, motifs, decorative borders and sometimes the name of the person who embroidered it and the date.

Sampler (needlework) - Wikipedia

I am interested to know who and why you recommend a Hardware sampler Vs Software Sampler. What I want to use this is not to sample but play my existing as well as new .wav samples back the best way they could sound. Would a Hardware sampler like Akai S6000 or a software sampler like Battery/Reason be the better option.
