What does race mean? The U.S. Census Bureau defines race as a "person's self-identification with one or more social groups." The social groups include White, Black, African American, Asian ...

Race vs. Ethnicity: What's the Difference?

To find some clarification and better understand the significance of each of these two terms, we consulted Jennifer DeVere Brody, Stanford University's director of the Center for Comparative Studies in Race & Ethnicity. When looking at how society, scholars, and the government define the words, the university explains: "There is little agreement on core distinctions between race and ethnicity."

Looking at Race vs Ethnicity - What's the Difference?

Modified stock car racing, also known as modified racing and modified, is a type of auto racing that involves purpose-built cars simultaneously racing against each other on oval tracks. First established in the United States after World War II, this type of racing was early-on characterized by its participants' modification of passenger cars in pursuit of higher speeds, hence the name.

Modified stock car racing - Wikipedia

Race Walking vs. Power Walking. Race walking and power walking, which is also known as speed walking, are excellent exercises because they burn far more calories than what "The Complete Guide to Walking for Health, Weight Loss and Fitness" author Mark Fenton calls "regular walking" and they cause far fewer injuries ...

Race Walking vs. Power Walking | Healthy Living

English borrowed race from the French race, which derives in turn from the Italian razza, meaning "kind, breed, lineage." The deeper roots of razza are obscure. The homonym race, in its sense of a "context of speed," is unrelated, coming from Old Norse. The word race originally functioned in English much like the word ethnicity.

To read a racing form, start by scanning the top header for general information. Next, find the race number, which is typically a number between 1 and 10, to the left side of the header. Then, find the track name to the right of the race number. Underneath the track name will be a short description describing the race conditions.

How to Read a Racing Form (with Pictures) - wikiHow

The traditional definition of race and ethnicity is related to biological and sociological factors respectively. Race refers to a person's physical characteristics, such as bone structure and skin, hair, or eye color. Ethnicity, however, refers to cultural factors, including nationality, regional culture, ancestry, and language.. An example of race is brown, white, or black skin (all from ...

Racing | Definition of Racing at Dictionary.com

The term "Caucasian race" was coined in 1785 by Christoph Meiners, a German philosopher. Meiners recognized two races — the Caucasian or beautiful, and the Mongolian or ugly. According to his classification, the caucasian race encompassed the native populations of Europe, the aboriginal inhabitants of West Asia, the autochthones of Northern Africa, and Indians.

PJ1 TrackBite, formerly known as VHT TrackBite or simply VHT, is a custom formulated synthetic resin, typically black in color, used in drag racing to either increase the traction of a car's tires or as a sealer for newly ground and/or resurfaced race tracks. It stays sticky for weeks, has fire-retardant properties and is hydrophobic.

PJ1 TrackBite - Wikipedia

When horse racing odds are shown in the form of 7-2, 5-1, etc, it expresses the amount of profit to the amount invested. So odds of 7-2 mean that for every \$2 invested, the punter gets \$7 profit in return. This means when you bet \$2, the total return if the bet is successful is \$9.
